Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not describe or suggest *inter alia* the invention of a system for processing a workpiece, comprising a plurality of workpiece processors, with at least one of the workpiece processors comprising a first rotor including a plurality of alignment pins; a second rotor including one or more receiving surfaces for receiving the alignment pins, with the first and second rotors forming a workpiece processing chamber when the alignment pins are engaged with the second rotor; and a robot moveable between the workpiece processors for loading and unloading the workpiece into and out of one or more of the processors as claimed in claim 1. The claims, therefore define over the prior art. Any comments considered necessary by applicant must be submitted no later than the payments of the issue fee and, to avoid processing delays, should preferably accompany the issue fee.
